

Ch. Bansi Lal Govt. College for Women, Tosham

Mentor-Mentee Groups

Need of Mentor- Mentee structure

Many a times, you need someone to push you and for this you always need a mentor. A mentor is someone with knowledge and experience in your desired field. They're willing to share this knowledge with you to help you achieve your goals. A mentor should be someone who has achieved a level of success that you envision for yourself. It's someone who can challenge you and push you in ways other people can't. Finding an outstanding mentor is not a mere stroke of luck, it should be a part of your life strategy, and relationships you build in your life. If you want to be more successful in life, it's time that you get yourself a real mentor.

Mentor Groups in this College

After the introduction of Mentor-Mentee structure, all the teachers had been allotted their mentor groups with around 50 students per mentor group subject to change according to the availability of staff. Initially in session 2018-19, the mentor class used to hold on every Saturday from 1:00 pm to 1:30 pm but in even semester of the same session, the schedule of mentor class had been changed to 2nd and 4th Saturday of every month. There was no change in the timings of the mentor class. It was decided that on the day of mentor class, all the periods will be of 40 minutes instead of 45 minutes. All the mentors take attendance on the day of mentor class and submit the report of their respective mentor class to the senior mentor.

Session 2020-21

Ch. Bansilal Govt. College for Women, Tosham

Mentor Session 2020-21

Every 2nd & 4th Saturday

Time 1:00 to 1:30 p.m.
